## THE CUBANS AS BELLIGERENTS.

The Government Asked to  
Recognize Them as Such.

The Great Mass Meeting at Chicago Last  
Night—Wonderful Enthusiasm Ex-  
hibited—Words of Cheer and Sympathy  
For the Struggling Patriots—Governor  
Altgeld, Senator Wilkinson and Others  
Spoke—Ringing Resolutions Adopted.

CHICAGO, Sept. 30.—As much of  
the population of Chicago as could find en-  
trance into the auditorium of the Cen-  
tral Music Hall and the Y. M. C. A.  
building to-night shouted itself hoarse  
in approbation of a series of resolutions  
in which the United States government  
is asked to recognize the Cubans as bel-  
ligerents. Such genuine enthusiasm  
has seldom been witnessed in the city  
and on no occasion were words spoken  
by men more full of the heart and soul  
of the speakers.

Mayor George B. Swift presided at  
the main meeting in Central Music  
Hall, while Judge William A. Vincent  
was chairman of the over-flow meeting  
in the association building. The  
seventy-five vice-presidents, who oc-  
cupied seats on the platform were  
chosen from among the leading busi-  
ness men of the city, and each one of  
them had previously expressed himself  
in full accord with the object of the  
meetings.

The Rev. Dr. W. H. Thomas read the  
resolutions, which were adopted as by  
one mighty voice. They are as fol-  
lows:

"We, citizens of Chicago, gathered to  
express our sympathy with the Cubans  
in the grave struggle to secure for  
themselves and their children the bless-  
ings of independence, liberty and self-  
government, present the following:

"We hold these truths to be self-  
evident: that all men are created equal;  
that they are endowed by their creator  
with certain inalienable rights; that  
among these are life, liberty and the  
pursuit of happiness; that to secure  
these rights governments are instituted  
among men, deriving their just powers  
from the consent of the governed; that  
whenever any form of government be-  
comes destructive to these ends, it is  
the right of the people to abolish it, it  
is the right of the people to abolish it,  
to institute a new government, laying  
its foundations on such principles and  
organizing its powers in such form as to  
themselves seem most likely to effect  
their safety and happiness.

"Prudence, indeed, will dictate that  
governments long established should not  
be changed for light and transient  
causes, and, accordingly, all experience  
has shown that mankind are more dis-  
posed to suffer, while evils are suffer-  
able, than to right themselves by abol-  
ishing the forms to which they are ac-  
customed; but when a long train of  
abuses and usurpations, pursuing in-  
variably the same object, evinces a de-  
sign to reduce them under absolute des-  
potism, it is their right, it is their duty,  
to throw off such government and pro-  
vide new guards for their future secur-  
ity.

"This historic declaration, made by  
the founders of our republic on July 4,  
1776, was true then and is true to day.  
For many unhappy years the Cubans  
have been most shamefully oppressed  
and cruelly burdened, until the yoke of  
Spanish rule has become intolerable. If  
the fathers of American independence  
were justified in casting off the oppres-  
sive dominion of Great Britain, the  
Cuban patriots of to-day have far  
greater justification for their attempt to  
overthrow the tormenting, impoverish-  
ing, heartless tyranny of the Spanish  
government. We desire publicly to ex-  
press our indignation that in this year  
1895 the spectacle is presented of ship-  
loads of soldiers sent three thousand  
miles across the ocean to America, "the  
land of the free," to shoot down in cold  
blood a courageous people who simply  
desire to govern themselves.

"Our indignation is further aroused at  
the unspeakable cruelty of the Span-  
iards towards the Cubans in this strug-  
gle. Death seems to be the penalty  
meted out to all Cubans captured un-  
der arms, and even those furnishing  
medicines to the so-called rebels are to  
be shot. We are glad to notice that  
the course of the Cubans appears to be  
more humane, and we take this oppor-  
tunity of congratulating them upon the  
remarkable progress they have made in  
spite of the terrible odds against them.

"We believe it to be the privilege and  
duty of the United States government to  
recognize the rights of Cuban revolu-  
tionaries as belligerents as soon as  
practicable, or being so requested by  
competent Cuban authority in accor-  
dance with constitutional laws. Such  
action of our government we deem due  
to the Cubans and to the cause of uni-  
versal liberty.

"While disavowing all bitterness of  
feeling on our part toward the people of  
Spain, we nevertheless believe that it is  
our duty and privilege as citizens of a  
free republic thus to express our heart-  
felt sympathy with our Cuban neigh-  
bors, living upon an island which nature  
has made a paradise, but which the  
cruel methods of the Spanish govern-  
ment have done much to despoil. We  
respectfully urge our fellow citizens  
throughout this country to assemble in  
mass-meeting, to diffuse information  
and thus arouse, or rather deepen, the  
sympathy of our whole people with the  
Cubans in their heroic attempt to cast  
off the yoke of oppression, and to  
achieve that independence and freedom  
which are the great highways to happi-  
ness and prosperity. We also urge the  
press and the pulpit with voice and  
prayer to continue their help to the  
righteous cause of the men who are  
bravely fighting for home and native  
land.

"We respectfully, but urgently, ap-  
peal to the citizens of all the republics  
in the three Americas to give emphatic  
expression to their sympathy with these  
struggling people, who are making  
such a gallant fight for that indepen-

dence from the European rule which  
other nations of the new world have  
already secured.

"Be it further resolved, That the  
organization which arranged for this  
gathering be requested to take charge  
of and continue the good work so  
auspiciously begun this evening."

## A TERRIBLE ACCIDENT.

A Young Man Falls Over a Cliff and is  
Instantly Killed.

ELKHORN, W. Va., Sept. 30.—One  
of the most distressing accidents  
ever recorded in this locality occurred  
at 1 o'clock Sunday afternoon. The vic-  
tim was Paul Flesher, postmaster of  
Elkhorn, who was one of the most prom-  
inent and highly esteemed young men  
in the region.

Mr. Flesher was instantly killed by  
falling from Pinnacle rock, the famous  
resort a little less than two miles from  
Bramwell. He was with a party of ladies  
and gentlemen, who had come up from  
Elkhorn for a day's recreation and some  
five or six of them had ascended the  
rock.

Mr. Flesher went to an extreme point  
and said he would like to have his pic-  
ture taken there, the party having a  
camera. The picture was not taken,  
but he stood there some little time look-  
ing over the country and talking. At  
the moment of the fall the other mem-  
bers of the party were looking in another  
direction, and nobody actually saw him  
go over.

Filled with alarm, the gentlemen  
hurried to look for him and were horri-  
fied to see his body lying on a rock  
about 115 feet below. In the descent  
he had first lodged in a tree. The tree  
stands in a sort of a cove midway  
from the base to the apex of the hill.  
From the point where Flesher stood to  
the tree the distance is estimated at 90  
to 100 feet, but is probably more.

Flesher's neck and jaw were broken  
by the fall and he was otherwise  
mangled. Death must have been in-  
stantaneous.

The unfortunate gentleman was 25  
years of age and was engaged to be  
married. The ceremony was to be per-  
formed in about a month.

## THE PIMLICO RACES.

part in the first day of the fall meet.  
Good sport is promised the ensuing four  
days of the meet.

## Whipping Post for Wife-Beaters.

WASHINGTON, Sept. 30.—Immediately  
preceding the discharge of the grand  
jury here to-day by Judge Bradley, a  
written recommendation was submitted  
to the court favoring the establishment  
of the whipping post in the District of  
Columbia for the punishment of wife-  
beaters and other petty criminals. It  
was signed by the foreman and fifteen  
jurymen. Judge Bradley commented  
briefly on the resolution and said that  
he thought such a method of punish-  
ment would be productive of good re-  
sults.

## Philadelphians Win the Cricket Match.

PHILADELPHIA, Sept. 30.—The gen-  
tlemen of Philadelphia to-day won the  
last of this year's international cricket  
matches from Oxford and Cambridge,  
past and present, by an inning of thirty-  
nine runs. This gives two out of three  
games to the representatives of the city,  
the University of Pennsylvania eleven  
having won the first and the English  
collegians the second. The visitors will  
sail for England on Wednesday.

Baltimore Wins the Final Game.  
NEW YORK, Sept. 30.—Less than 500  
people shivered at the Polo grounds this  
afternoon until after the New Yorks  
and Baltimores had finished the last  
game of the year. Baltimore won with  
ease, batting Rusie hard. There was a  
marked contrast between the finals of  
this year and last.

## Case of Captain Ames.

WASHINGTON, Sept. 30.—Secretary  
Lamont, as yet, has taken no action in  
the case of Captain Ames. General  
Schofield left last evening for Pelee  
Island, in Lake Erie, to spend two  
weeks in fishing. The objectionable  
letter addressed to him by Captain  
Ames has been turned over to Sec-  
retary Lamont for his consideration.

## One Killed and the Other Injured.

injured.

## PREPARATIONS FOR THE BELL.

A Grand Parade One of the Fea-  
tures of the Day.

The Meeting of the Citizens Committee  
Last Night—What Was Done—The  
Council Also Considering the Matter—  
A Brief Outline of the Plan and Ex-  
ercises for the Occasion—Committee  
Appointed.

At a joint meeting of the committee  
on arrangements, committee on invita-  
tions and the committee on reception of  
the Liberty Bell held last night in the  
circuit courtroom, the executive com-  
mittee, composed of W. P. Dupuy, J. S.  
Brooke and T. W. Miller, made their  
report. This report was only in the  
form of suggestions; so the three com-  
mittees resolved themselves into a com-  
mittee of the whole and took definite  
action as to the plans to be pursued in  
the celebration of the coming of the bell  
on next Saturday, and while the per-  
fected arrangements may differ in some  
respects from the following as outlined,  
yet it will serve to give the people of  
Roanoke some idea as to what they may  
expect.

It was decided that a grand parade  
was the proper thing and all the or-  
ganized bodies in the city will be invited  
to participate, including all the secret  
societies, lodges, fire companies, mili-  
tary companies, schools, etc. The line  
of march is to be up Salem avenue to  
Commerce street; thence to Campbell  
avenue, and thence to the Roanoke and  
Southern depot, where the car will be  
placed containing the bell.

Col. S. S. Brooke will act as chief  
marshal for the occasion and will have  
a whole corps of assistants, which will  
be announced later. The grounds on  
which the bell will be located will be  
staked and a guard placed so that all  
organized bodies will be enabled to pass  
in review of the bell.

The school children with their teach-  
ers will be accorded the privilege of first  
viewing the bell, after which they will  
be disbanded. It was suggested by the  
committee that every association that  
can possibly do so should organize and  
march in a body.

The employees of the Roanoke Ma-  
chine Works will be invited to attend  
in one body, and so with other in-  
dustrial establishments.

The mayor and Common Council of  
Roanoke will meet and entertain the  
mayor and those of the council of  
Philadelphia, who will accompany the  
bell, during their stay in Roanoke.

The artillery is to be secured, and on  
the arrival of the bell the national  
salute will be fired, and at a given sig-  
nal the Roanoke Machine Works whistle  
will blow, when all the bells in the city  
will be expected to ring and all the  
different whistles to blow in memory of  
the old bell that rang out the glad tid-  
ing in 1776, "Proclaiming liberty  
throughout the land unto all the in-  
habitants thereof."

A finance committee composed of Col.  
Brooke, J. Shirley Smith, W. O. Hard-  
away, A. J. Evans and L. E. Lookbill  
was appointed, and these gentlemen will  
call upon the business men to contribute  
something toward bearing the expenses  
of the celebration.

Mr. Gillis was appointed a committee  
of one on lights and the erection of a  
platform at the Roanoke and Southern  
depot.

The following committees were ap-  
pointed: On music, Mr. Gillis, W. S.  
Jones and J. L. Keller; on decorations,  
W. E. Thomas, J. J. Garry and J. Shir-  
ley Smith; on arrangement of exercises,  
Messrs. Hardaway, Hodgson, Rev. Dr.  
Campbell and Rev. E. B. Pollard; on  
devotional exercises, Revs. Campbell,  
Pollard, Patton and Father Lynch.

The City Council also held an in-  
formal meeting to determine what  
steps would be taken by them in the  
celebration, and sent a committee,  
composed of Messrs. Loughery, Wilson  
and Terry, to ascertain from the citi-  
zens' committee what action had been  
determined on. The City Council was  
then invited to participate in the de-  
liberations of the committee, which  
they did.

The committees on devotional exer-  
cises and exercises met immediately  
after adjournment, and outlined the fol-  
lowing programme, which may be  
changed to some extent, but not ma-  
terially so:

Devotional Exercises—First, song,  
Doxology, followed by prayer; second,  
song, "My Country, 'Tis of Thee," fol-  
lowed by an oration from the orator of  
the day, who will be some invited guest  
yet to be determined upon. This por-  
tion of the programme will be rendered  
before the arrival of the bell. Upon its  
arrival Mayor Jones will deliver the ad-  
dress of welcome, which will be re-  
sponded to by one of the visitors. The  
response will be followed by music by  
the band, when the school children will  
be allowed to pass in review of the bell,  
followed by all organized bodies.

## To Speak in Alabama.

WASHINGTON, Sept. 30.—Secretary  
Herbert will leave Washington Wed-  
nesday evening for Alabama, where he  
will deliver several speeches on finan-  
cial topics. The first speech will be  
delivered in the theatre at Montgomery  
Friday night.

## White Squadron Off Cape Henry.

BALTIMORE, Md., Sept. 30.—Capt. John  
Barclay, of the Maryland Pilot's Asso-  
ciation, reports the white squadron, com-  
manded by Admiral Bunce, anchored off  
Cape Henry. The squadron consists of  
five warships—the New York, Colum-  
bia, Minneapolis, Raleigh and Mont-  
gomery.

## Fitzsimmons Gone to Texas.

SAN ANTONIO, Texas, Sept. 30.—Bob  
Fitzsimmons and party, who arrived  
here yesterday afternoon, left on the  
noon train to-day for his training quar-  
ters at Corpus Christi, where he began  
his work immediately.

## THE KILLING FROST.

Much Damage Done to Late Crops in  
Various Localities.

MEMPHIS, Tenn., Sept. 30.—Frost was  
found in low-lying localities this morn-  
ing here and various points in west  
Tennessee, north Mississippi and east-  
ern Arkansas. No serious damage was  
done to Irish potatoes, and cotton was  
not injured to any extent on the uplands.  
A dispatch from Duncan, Miss., how-  
ever, reports a heavy frost in that part  
of the Delta which may cut the cotton  
crop short by causing immature bolls to  
open.

## Killing Frost in Kentucky.

CINCINNATI, Sept. 30.—A special to the  
Times-Star from Lexington, Ky., says  
there was a killing frost all over Central  
Kentucky last night. Tobacco in the  
field, and much of it on the scaffold,  
was badly damaged. Sorghum and other  
green vegetation was killed. Corn was  
not injured.

## Vegetation Destroyed by Frost.

MIDDLESBOROUGH, Ky., Sept. 30.—  
There was a heavy frost this morning.  
Late corn and tobacco are ruined. The  
financial loss is heavy. Farmers from  
Beans Fork report ice quarter of an  
inch thick. Vegetation is entirely de-  
stroyed.

## Frost and Ice in Kansas.

STERLING, Kans., Sept. 30.—There was  
a heavy frost here last night and ice  
formed to a thickness of an eighth of an  
inch. This will injure the broom corn  
brush yet to be pulled.

## Heavy Frosts in Iowa.

OTTUMWA, Iowa, Sept. 30.—Heavy  
frosts occurred all along the line of the  
Burlington road in Southern Iowa this  
morning. It, however, damaged nothing.

## First Snow of the Season.

ALTOONA, Pa., Sept. 30.—The first  
snow of the season fell here to-day, and  
was followed by a cold wave.

## CHINA YIELDS.

She Will Punish Officials For Neglect of  
Duty.

WASHINGTON, Sept. 30.—Minister  
Denby called the State Department  
from Peking to-day as follows:

"Imperial decree issued. Abstract—  
Responsibility for Szechuan riots rests  
with officials. Viceroy Liu careless,  
took no notice of the beginning of the  
riots. He is deprived of office, never to  
be employed. Other officials to be pun-  
ished."

This would seem to indicate that the  
crisis impending in China, involving a  
naval demonstration by the British  
forces, has been averted for a time at  
least by a compliance with the prin-  
ciple demands of the British. It can-  
not be learned, however, whether the  
decree concedes all the demands made,  
and the cablegram makes no reference  
to the condition imposed by the British  
minister that the guilty officials be pun-  
ished by suspension.

## The Viceroy of Szechuan Degraded.

LONDON, Sept. 30.—A special dispatch  
from Shanghai says that Admiral Bul-  
lock, with fourteen ships belonging to  
the British fleet in Chinese waters, will  
proceed on Wednesday next to Nankin  
and present the viceroy of that place  
with important dispatches. The officials  
of the foreign office this afternoon,  
answering questions on the subject,  
stated that a decree had already been  
published in the Peking official gazette  
ordering the viceroy of Szechuan to be  
stripped of his rank for failing to pro-  
tect the missionaries in the district, and  
as a warning to others it is further  
directed that he shall not be again per-  
mitted to take office. The decree also  
denounced the offending official's subor-  
dinate for failing to take proper action  
in the emergency.

## The Reported Flour Combine.

MILWAUKEE, Wis., Sept. 30.—In re-  
gard to the announcement from Buffalo  
that the flour mills of the country have  
about succeeded in forming the com-  
bine, upon which they have been work-  
ing for some time, Milwaukee millers  
declare that the Millers' National As-  
sociation has nothing whatever, as an  
association, to do with forming the re-  
ported combine, and that, if it has been  
formed, it will be next to a miracle,  
notwithstanding the fact that some-  
thing of the kind must be done soon or  
nearly all the big mills will go into  
bankruptcy. The action of the Sand-  
erson Milling Company in winding up its  
affairs because of unprofitable business  
shows the drift of the flour trade.

## A Steamer Goes Ashore.

CAPE HENRY, Va., Sept. 30.—The  
steamer Margaret, of the Plant Steam-  
boat Company, while on a voyage from  
New York to Port Tampa, Fla., went  
ashore near here last night during a  
severe southwest gale. The steamer's  
back was broken, starboard side stove in  
and she is going to pieces and will prob-  
ably prove a total loss. All hands were  
saved.

## Trial Trip of the St. Paul.

LEWES, Del., Sept. 30.—The steamer  
St. Paul left for the New England coast  
this afternoon. The trip down the De-  
laware was uneventful. The machinery  
acted admirably. A special train over  
the Pennsylvania railroad brought down  
a party of officials and guests, who were  
taken aboard the ship in a twenty mile  
gale.

## W. H. Thomas Succeeds W. W. Finley.

ATLANTA, Ga., Sept. 30.—William  
Balley Thomas has been appointed com-  
missioner of the Southern States Pas-  
senger Association to succeed W. W.  
Finley, recently elected third vice-pres-  
ident of the Southern railway. Mr.  
Thomas was formerly in the railroad  
business in Augusta. He has his home  
in Atlanta.

## The Cincinnati at Cedar Keys.

WASHINGTON, Sept. 30.—The Cincin-  
nati, which is patrolling the Florida  
coast to cut off filibustering parties, has  
just reached Cedar Keys from Key  
West.

## Jewish Religion Recognized.

RUDA PRST, Sept. 30.—The lower  
house of the Hungarian diet to-day  
adopted bills providing for the recog-  
nition of the Jewish religion.

## GENERAL MAHONE PARALYZED

His Entire Right Side Affected  
by the Stroke.

He Retired Sunday Night Apparently in  
Excellent Health—At 10 O'clock Yes-  
terday When Manager Long, of  
Chamberlin's Hotel, in Washington,  
Went to His Room He Found Him  
Unable to Speak.

WASHINGTON, Sept. 30.—Ex-Senator  
Mahone, of Virginia, suffered a stroke  
of paralysis at an early hour this morn-  
ing, at his room at Chamberlin's Hotel.  
His physicians, Drs. Wales and Baker,  
were in consultation throughout the  
afternoon, and think his chances of  
recovery are doubtful. The relatives of  
the ex-Senator have been summoned by  
telegram. The entire right side of the  
sufferer is paralyzed, including the  
right arm and leg. He is unable to  
speak, except a few inarticulate sounds.  
He has maintained consciousness, how-  
ever, and seeks, as best he can, to assist  
those who are ministering to his com-  
fort.

The exact time General Mahone was  
stricken is in doubt. He retired about  
12 o'clock last night and up to that time  
was in excellent health and spirits. No  
sound was heard from his room after he  
retired. At 10 o'clock this morning Mr.  
Long, manager of the hotel, went to the  
General's room to call him. He found  
that he had been vomiting and was un-  
able to speak. This last feature was  
attributed to exhaustion incident to the  
vomiting, and for a time no significance  
was attached to the General's failure to  
talk.

Dr. Wales, ex-surgeon general of the  
navy and a long-time friend of Gen.  
Mahone, was sent for. In the mean-  
time, it became evident that the Gen-  
eral's illness was serious and Dr. Baker  
was called in. He at once pronounced  
it a case of paralysis. Dr. Wales ar-  
rived soon after and with Dr. Baker
